

The Hardtop Gazebo Collection

Create a comfortable outdoor living room or dining room with this elegant Hardtop Gazebo by Hanover. This modern outdoor structure not only adds style to your backyard but also offers shade from the sun's harsh rays while allowing a cool breeze to pass through.

Stronger and lighter than glass, the opaque polycarbonate panels are high-impact, shatter resistant, and block harmful UV rays. The all-weather aluminum is finished with a high-performance powder coating to resist rust and corrosion for year-round use. Four strong, durable posts with corner braces and full-feet anchor kits keep it stable for years of enjoyment.

Enjoy family, friends, and outdoor living under your new Hanover Hardtop Gazebo.

Features

- Available with or without sunshade curtains and mosquito netting (tiebacks included)
- All-weather materials resist rust, corrosion, and UV rays
- Double walled polycarbonate panels block harmful UV rays (0.24 inches thick)
- Sloped roof allows efficient water runoff to keep you dry
- Heavy-duty aluminum construction with high-performance powder coating
- 4 strong posts with corner braces and full feet anchor kits for secure installation
- Full assembly required - hardware and instructions included
