aprons

Aprons are available for customers who are looking for a flawless finish for their bathtub. When an apron is added, the product's appearance becomes more in-depth and detailed to the eyes. An apron gives the viewer an impression of a completed exterior. We offer several different styles of aprons for your consideration. Our selection includes: seam and seamless versions, as well as flat panels, removable panels, and two to three-sided aprons.

standard apron - flat panel (with seam)
