CERTIFIED

SPECIFICATION VARIANCE

Our products are handmade and hand finished to maintain close dimensional tolerances that may vary slightly; normally +/-1/8", occasionally more. In most cases, this slight variation does not affect installation, appearance or function. We recommend that you measure your actual product when it arrives before you rough-in cabinetry or plumbing. We can not be held responsible by the end user if this guideline is not followed. We reserve the right to make revisions without prior notice to product specifications. Please feel free to email us with any questions or comments.
