#### SPECIFICATION VARIANCE

Our products are constructed to maintain close dimensional tolerances that may vary slightly during the manufacturing of materials; normally +/- 1/8", occasionally more. In most cases, this slight variation does not affect installation, appearance or function. We recommend that you measure the actual cabinet before you frame, design or finish the space for your vanity. We can not be held responsible by the end user if this guideline is not followed. We reserve the right to make revisions without prior notice to product specifications.

**36" KICKPLATE SET FK36**

Kickplate Set includes one front panel (B) and two side panels (A). Used to fill the gap between the floor and vanity, installed recessed to enable your feet to rest comfortably and allow you to get closer to the countertop.

**FILLER STRIP FS**

Filler Strip fills the gap between the side of your vanity cabinet and the wall. Fillers are normally cut to your required size by your professional installer.
