

# PRODUCT DESCRIPTION

Poetic and organic in design, the undulating form of the metal shade appears to float effortlessly on a slender frame. Abstract discs of LED lighting are encased in round, adjustable heads so that the light can be directed upwards for indirect lighting reflected on the internal white painted face of the shade or the light sources can be rotated downward to provide bright illumination exactly where needed. The simple, sculptural form adds dimension in its scale evocative of a manta ray or the seductive quality of a woman wearing a large floppy hat.
