Cleaning and Maintenance of Chandelier Frame

The finish on our chandelier frames and fixture frames is protected by a durable coating of lacquer. To clean, use a clean soft, dry cloth. Do not use any metal polishes, cleaners, abrasives or any substance which could remove the protective finish.

Failure to follow these instructions automatically voids the guarantee.

Cleaning and Maintenance of Crystals

Wet a soft cotton fabric in clean warm water and wipe gently, then polish with a dry soft cotton fabric.

To Order Crystal Replacement Parts

Should you require replacement crystals or pins (the metal connectors attaching the crystals), contact the store where the product was purchased or contact us at the address shown on the reverse side. For ease of ordering, you may use the original crystal trimming instructions provided with this product and circle the items you wish to order, indicating the quantity by writing the number needed adjacent to the circle and faxing it to our customer service department at 215-423-8882. You will be contacted with prices prior to shipment. All orders must be pre-paid.
