

Assembly Instructions

ASSEMBLY RATING

The Assembly Rating is a 5-point system that shows the degree of effort needed in assembling a specific product (with 1 being easy and 5 being difficult). For some products, two persons are recommended.

EASY

DIFFICULT

Tools Required For Assembly:

Allen Wrench

(Included)

Phillips Screwdriver

(Not Included)

ASSEMBLY & CARE ADVICE

FOR YOUR FURNITURE TO LAST, CORRECT ASSEMBLY AND PROPER MAINTENANCE ARE NECESSARY. PLEASE FOLLOW THE INFORMATION PROVIDED BELOW TO FULLY ENJOY YOUR FURNITURE.

BASIC ASSEMBLY TECHNIQUES

When lock or spring washer is used in an assembly, please make sure the lock or spring washer is placed between the larger flat washer and the head of the screw or bolt.

Position each part correctly and insert screws or bolts into their respective holes by hand tighten or using the proper hand tool. Only tighten when step is completed or when instructed to do so.

Use cardboard or carpet area when assembling furniture to prevent scratches. Make sure the furniture rests on a flat and level surface with each leg evenly touching the floor.

Some furniture comes with height adjustment knobs underneath each leg. To lower or to raise each leg, you need to turn clockwise or counterclockwise, respectively.

Make sure all parts are properly aligned, then use the appropriate hand tool to completely tighten the bolts or screws. Do not use power tools and do not overtighten.

Save the instructions and store the Allen wrench or any supplied tool for later maintenance. After two weeks, check and tighten any loose hardware and repeat again every six months thereafter.

IT IS THE USER'S RESPONSIBILITY TO MAINTAIN THE FURNITURE. THE HARDWARE MAY LOOSEN OVER TIME AND MAY CAUSE THE FURNITURE TO BE WOBBLY AND UNABLE TO SUPPORT ITS INTENDED WEIGHT CAPACITY. THIS MAY LEAD TO COLLAPSE AND MAY CAUSE SERIOUS INJURY.

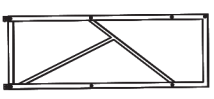

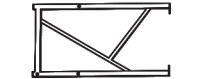

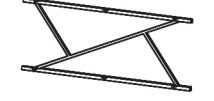

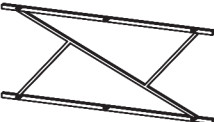

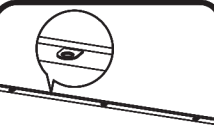

FAILURE TO FOLLOW THE GUIDELINES ABOVE MAY RESULT IN INJURY AND/OR PROPERTY DAMAGE.

Before you begin, please read Page 2 of "Assembly and Care Advice".

And remember, do not tighten until each step is completed or instructed.

Parts List

	#1 x 2 pcs Side Frame (Up)
	#2 x 2 pcs Side Frame (Down)
	#3 x 1 pc Rear Frame (Up)
	#4 x 1 pc Rear Frame (Down)
	#5 x 2 pcs Back Support
	#6 x 4pcs Front Support
	#7 x 2pcs Large Wood Shelf
	#8 x 2pcs Small Wood Shelf

Hardware List

	#A x 6pcs Flat Bolt 1/4"X1/2"
	#B x 20pcs Bolt 1/4" x 1-1/2"
	#C x 24pcs Screw 5/8"
	#D x 4pcs L Bracket
	#E x 2pcs Wall Anchor
	#F x 2pcs Screw 1"
	#G x 2pcs Plastic Strap
	#H x 1pc Allen Wrench

#1

#A x 4pcs

1. Insert the bottom of the side frame up (#1) into the slots along the top of the side frame down (#2).

2. Insert a flat bolt (#A) into the holes. Secure using the Allen wrench (#H) to lock the side frames together.

#2

#B x 12pcs

1. Place both side frames onto a protected surface. Align the back supports (#5) to the top and bottom pre-drilled holes along the side frames. Then align the rear frame up (#3) to the upper side frame and the rear frame down (#4) to the lower side frame.

2. Insert a bolt (#B) into the holes located on the outer sides of the side frames and secure using the Allen wrench (#H).

#3

#B x 8pcs

1. Align the front supports (#6) to the pre-drilled holes along the front of the side frames.

2. Insert a bolt (#B) into the holes located on the outer sides of the side frames and secure using the Allen wrench (#H).

#4

#C x12pcs

1. Place the large wood shelves (#7) onto the supports along the upper side frame (#1).

2. Insert a screw (#C) into each pre-drilled hole from underneath and secure using a Phillips screwdriver.

#5

1. Place the small wood shelves (#8) onto the supports along the lower side frame (#2).

#C x12pcs

2. Insert a screw (#C) into each pre-drilled hole from underneath and secure using a Phillips screwdriver.

#6

#D x 2pcs
#E x 2pcs
#F x 2pcs

Wall

Select a location where you want the shelf mounted. Mark on the wall the two locations where the wall anchors (#E) will be placed. Drill a hole for each anchor slightly smaller than the size of the screw. Push the anchor (#E) as far as it will go with your finger. Tap gently with a hammer until the anchor is in. Then align the L brackets (#D) to the anchor and insert a screw (#F) to secure.

#A x 2pcs
#D x 2pcs

Align the L brackets (#D) to the back sides and insert a flat bolt (#A).
Secure using the Allen wrench (#H).

#G x 2pcs

Insert each end of the plastic strap (#G) into the L brackets (#D), then secure and tighten.

ASSEMBLY IS COMPLETED
