

The Piper Collection

Make the most of your outdoor space with the Piper 3-piece chat set by Hanover. This classic, contemporary collection includes 2 scoop chairs and matching side table. The modern chairs and side table are crafted from powder-coated steel, designed to resist rust and corrosion. The sturdy steel frame supports the set, but the handwoven wicker accents are the true focal point. The rattan wrapping is what brings the mid-century design out of the past and into your home. Adding comfort to style, the chairs have plush cushions that are also quick-drying and maintain their shape. This space-saving set is compact and convenient enough to fit in the smallest of patios, lawns or gardens but brings big-time style. Made with all-weather materials, you'll enjoy timeless style from the Piper collection for years to come.
