Water capacity:	67 gal (253.6 L)	
Electrical component rating:	Pump: 120 V, 7.5 A, 60 Hz	
Pump speed:	Single	

Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
