

Features

- Class Five® - provides tremendous bulk waste flushing performance and best-in-class bowl cleanliness.
- Three preinstalled tank bolts save installation time.
- Canister flush valve provides smooth flushing actuation with consistent water usage, flush after flush.
- 1.28 gpf high-efficiency toilets provide significant water savings of up to 16,500 gallons per year versus an old 3.5-gallon toilet without sacrificing performance.
- Qualifies as an HET(High-Efficiency Toilet). Consumer rebates are available in some municipalities.
- Left-hand Polished Chrome trip lever.

Technology

- Single-flush gravity uses the force of gravity and a precision-engineered tank to create a strong siphon during flushing.
- KOHLER's canister flush valve harnesses the natural force of gravity and optimizes flushing performance.
- Class Five® flushing technology offers virtually plug-free performance and rinsing power for a clean bowl.

Installation

- 14" (356 mm) rough-in.
