

PRODUCT DESCRIPTION

Drum shades in a variety of fabrics and materials are a core lighting offering. Flush mounts, pendants, and ADA sconces are available in options of linen, organza, grasscloth, and sound absorbing grey felt shades. An internal acrylic diffuser, illuminated by an evenly dispersed powerful LED light source, directs light downward and produces an ambient glow inside the outer shade. This lens features a crisp and tidy twist-lock mechanism that eliminates any visible hardware, whether it is put in a residential or commercial context, this collection meets the necessary application needs while adding style to the space.
