Soaker Weight: 130 lbs / 59 kg

Maximum Fill: 75 gal to overflow

**NOTE:** Filling this tub to the maximum may require an above average size or dedicated water heater.

Shown with faucet installed (not supplied by MTI),

Features a 4.25" wide flat deck surface on the drain side for mounting faucetry.

## IMPORTANT ORDERING & INSTALLATION INFORMATION:

- Freestanding tub is designed to install on a finished floor that is flat and level.
- Tub has room on drain side between the tub walls for waste & overflow and faucet valve installation.
- Tub includes an access panel (standard) behind the waste & overflow for plumbing connections or Virtual Spout installation.
- Access panel dimensions vary according to tub model and design. Please consider access panel visibility before ordering and when planning final installation position.
- The Virtual Spout is installed below the water level of the tub. Reliance supplies a Wilkins dual check valve and an Acme in-wall atmospheric vent to prevent backsiphonage. Some areas of the country require additional backflow prevention when water is introduced to the bath below the water level. Please check local codes.

- Before discarding tub crate, check for accessories that may be packaged inside.
- All product measurements are  $\pm 1/2$ ".
- Specifications and configurations are subject to change without notice.
- Measurements herein supersede all others published prior to publication date below.
