# THE PROFILES® COLLECTION

Add a little drama to your styling space with statement pieces that won't sacrifice modern functionality. The modular design of Profiles Medicine Cabinets, Vanities, Lighting and Mirrors offers the flexibility to create a storage solution that fits seamlessly in any space.

THE PROFILES.<sup>®</sup>  
COLLECTION

## ADD A LITTLE DRAMA

Go beyond minimalism with Robern's collection of Medicine Cabinets, Vanities, Lighting and Mirrors that pays tribute to art deco with a modern twist. Choose from Chrome, Polished Nickel, Matte Gold and Matte Black accents to create a fully coordinated ensemble that complements the surrounding décor — but never blends into the background.

# THE PROFILES® COLLECTION

Unify your design with preconfigured and modular pieces you can mix and match for a fully coordinated suite that's as stunning as it is versatile.

## BUILD YOUR OWN

The bold metal frame makes a stunning first impression, while the clever storage solutions within — like integrated outlets, USB charging ports, and a magnetic tool holder — create a lasting impact. Profiles Medicine Cabinets are gangable and can be easily combined to create additional storage space. If the extra space isn't necessary, pair with Profiles Mirrors or Profiles Lighting to achieve the perfect look.

# VANITY WITH ANTIQUE MIRROR

NEW!

PRECONFIGURED

A combination of old-world craftsmanship and modern day techniques, the antique mirror options from Robern bring depth and dimension to a variety of design schemes. The handmade quality and the individual effects of the oxidation process ensure no two decorative surfaces are alike — and that every space gets a unique touch.

## ARCOBALENO + MATTE GOLD

Gold and silver create an organic display in the Arcobaleno Antique Mirror, which is complemented by a chic Matte Gold frame.

## LUNA + MATTE BLACK

Paired with a modern Matte Black frame, the shimmering interplay of silver and smoke in the Luna Antique Mirror is as fascinating as it is stylish.

# MODULAR VANITY PRODUCT SELECTION

## BUILD YOUR OWN

Ready to explore the possibilities the Profiles® Vanity can bring to your design? Here's how to create the ideal storage solution from start to finish.

## 1 DETERMINE OVERALL SIZE OF VANITY STARTING WITH WIDTH

Choose from multiples of 12", 24", 30", and 36" (drawer width options) to create the overall length that you would like. This defines the number of columns and width of each column that you can build upon.

Robern offers Vanity Tops up to 72" wide, see pages 16 and 17 for more details.

12" W

24" W

30" W

Configure your own Freestanding Vanity by pairing our Leg Accessory with any 24" W × 22-½" H × 21" D, 30" W × 22-½" H × 21" D or 36" W × 22-½" H × 21" D Profiles Vanity combination in any color, see page 12.

## 2 DETERMINE EACH COLUMN HEIGHT

Select column height based on multiples of 7-½" and 15" to create any overall height that you would like per column.

Not every column has to be the same height, but all columns must be the same width and depth. The ideal height for your countertop is 34-½" off the ground.

When using an undercounter sink, the first 15" requires plumbing clearance.

### 7-½" H options

### 15" H options

- Plumbing Drawer
- Full Drawer

Ganging kits are required to combine more than one column of drawers.

## 3 SELECT DEPTH OF YOUR ENTIRE VANITY SOLUTION

Select depth of your entire vanity solution by choosing either 18" (for a 19" depth vanity top) or 21" (for a 22" depth vanity top).

NOTE: All columns must be the same depth.

## 4 CHOOSE YOUR SIDE KITS

You must choose 1 side kit for every exposed side. Side kits cannot be stacked on top of one another. Side kit height options are 7-½", 15", 22-½" and 30". Side kits are sold separately. They are available individually or as pairs. Side kit depth must match depth selected for your overall vanity solution.

# VANITY TOPS

A curated collection of stone and glass vanity tops, offered in a full range of colors and precut sizes for a precise fit with your Robern vanity or sink.

# LIGHTING

## BUILD YOUR OWN

Wherever you start your day, high quality task lighting can make all the difference. Profiles Lighting offers remarkably accurate color rendering, adjustable color temperature, and bright, consistent output that eliminates harsh shadows on the face — so you see your truest reflection, every time. Choose from four metal finishes to coordinate with Profiles Medicine Cabinets, Profiles Mirrors, and Profiles Vanities.

**LIGHTING CONTROLS** Lutron Diva ELV Dimmer (Model DVELV300P) or Caseta Wireless ELV Dimmer (Model PD5NE). These dimmers have full range control, low light adjustment, stop flickering and last setting memory.

# LIGHTING

## QUALITY OF LIGHT

Discover how quality task lighting can transform your routine. The Profiles Lighting Collection offers the best LED lighting output in its class — bright enough for precise tasks, dimmable for a relaxing bath, with precise color rendering and an even, consistent glow.

### LED COLOR TEMPERATURE (KELVIN)

Three options help you set your perfect tone.

#### 2700 KELVIN

**WARM WHITE LED LIGHTING**  
Warm, relaxing tones (2700K) replicate indoor light to help you unwind before bed or ease into your morning.

#### 4000 KELVIN

**COOL WHITE LED LIGHTING**  
Cool, invigorating tones (4000K) simulate bright daylight to jumpstart your day and provide ideal task lighting.

#### VARIABLE

**ADJUSTABLE LED LIGHTING**  
Variable lighting option lets you fine-tune your color temperature between warm (2700K) and cool (5600K) tones.

90 CRI 50 CRI

Bright, consistent output lets you see yourself in the best light.

Eliminate the harsh shadows caused by ordinary lighting.

**COLOR RENDERING INDEX (CRI) Profiles** Lighting offers remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection.

#### LIGHT DIRECTION AND OUTPUT

The right light is achieved by a combination of high lumen output and proper placement in relation to the face and body. Profiles Lighting has been carefully designed to enable you to see yourself in the best light:

- Eliminate dark shadows
- Experience bright, even task lighting
- See rich, saturated tone in your reflection
- Be confident that lighting stays consistent, even for close up tasks

# MIRROR

## BUILD YOUR OWN

Put the finishing touches on your ensemble with a Profiles Mirror in a coordinating metal finish, and add Profiles Lighting to create a stylish and functional getting-ready space. Profiles Mirrors are available in portrait orientation but can be easily ganged together, or connected to a Profiles Medicine Cabinet, to extend their visual impact.
