INTRODUCING THE PROFILES™ COLLECTION

Go beyond minimalism with Robern's collection of mirrors, medicine cabinets, vanities, and lighting that pays tribute to art deco with a modern twist.

- Choose from matte gold, matte black, polished nickel, and chrome accents to create a fully coordinated ensemble that complements the surrounding décor — but never blends into the background.
- With a wide array of available sizes and finishing options, the Profiles Collection offers a modular solution that seamlessly fits together to meet the unique needs of any space.
- Create a full styling space solution that brings your vision to life with seamless functionality and superior Robern craftsmanship.
- Thoughtful features like tunable task lighting, tip-out drawers, intuitive lighting controls, and integrated outlets elevate the everyday routine.

THE PROFILES™ COLLECTION

Unify your bathroom with our fully coordinated bathroom suites. From custom configurations and lighting, to the most advanced technology features to complement your style.

MEDICINE CABINETS

Mix and match the gangable medicine cabinets to add more storage or make a stunning impact. Enhance the experience with functional features like electrical outlets, interior lighting, soft night lighting, and organizational accessories.

VANITIES

From the eye-catching accents to the ergonomic drawers, the Profiles Vanity is more than just a customizable storage solution — it's an ideal centerpiece for your design.

LIGHTING

Discover how high-quality lighting in a bathroom can set the tone for the entire day. The Profiles™ Collection offers consistent, flicker-free, dimmable LED lighting with adjustable color temperature to suit any task.

MIRRORS

See the difference a great mirror can make. Durable, rust-free aluminum and glass construction resists moisture and ensures a clear, flawless reflection every time.

METAL FRAME FINISHES

ANODIZED

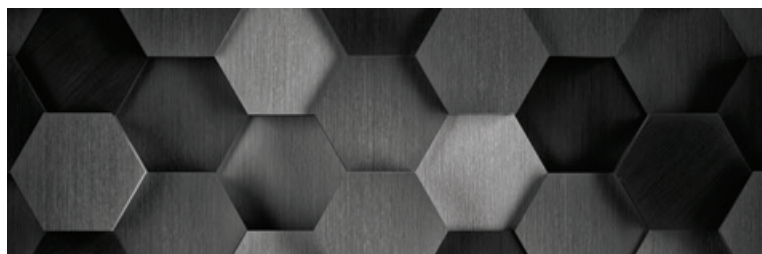

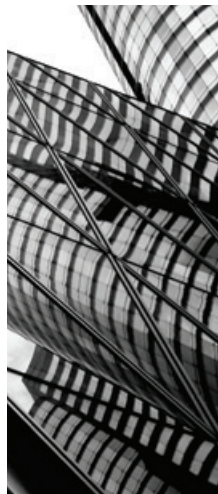

Anodized matte gold and matte black finish options are easy to maintain and won't chip, peel, or fade — so you can enjoy their beauty for years to come.

THE PROFILES™ MEDICINE CABINET

The bold metal frame makes a stunning first impression, while the clever storage solutions within — like integrated outlets, USB charging ports, and a magnetic tool holder — create a lasting impact. Profiles Medicine Cabinets are gangable and can be easily combined to create additional storage space. If the extra space isn't necessary, pair with Profiles Mirrors or Profiles Lighting to achieve the perfect look.

THE PROFILES™ VANITY

DESIGN GUIDE

Ready to explore the possibilities the Profiles Vanity can bring to your design?
Here's how to create the ideal storage solution from start to finish.

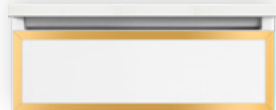

1 DETERMINE OVERALL SIZE OF VANITY STARTING WITH WIDTH

Choose from multiples of 12", 24", 30", and 36" (drawer width options) to create the overall length that you would like. This defines the number of columns and width of each column that you can build upon.

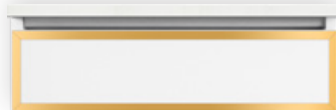

Robern offers Vanity Tops up to 72" wide, see pages 14 and 15 for more details.

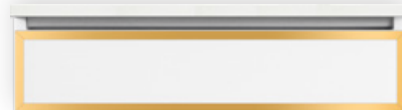

12"W

24"W

30"W

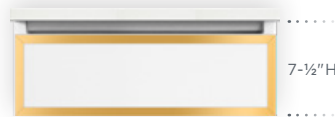

36"W

2 DETERMINE EACH COLUMN HEIGHT

Select column height based on multiples of 7-½" and 15" to create any overall height that you would like per column.

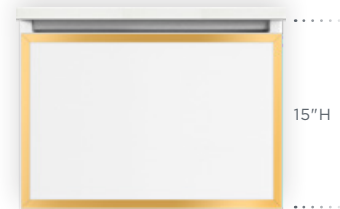

Not every column has to be the same height, but all columns must be the same width and depth. The ideal height for your counter top is 34-½" off the ground.

When using an undercounter vessel, the first 15" requires plumbing clearance.

7-½" options

- Tip Out Drawer
- Plumbing Drawer
- Full Drawer

15" options

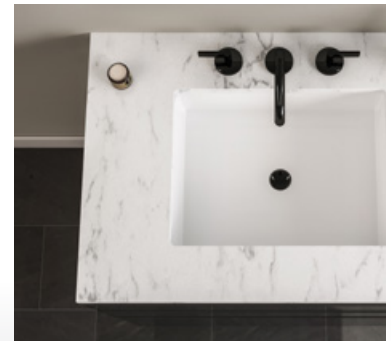

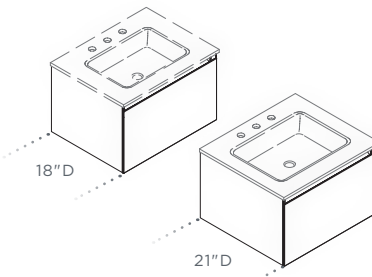

- Plumbing Drawer
- Full Drawer

Ganging kits are required to combine more than one column of drawers.

3 SELECT DEPTH OF YOUR ENTIRE VANITY SOLUTION

Select depth of your entire vanity solution by choosing either 18" (for a 19" deep vanity top) or 21" (for a 22" deep vanity top).

NOTE: All columns must be the same depth.

4 CHOOSE YOUR SIDE KITS

You must choose 1 side kit for every exposed side. Side kits cannot be stacked on top of one another. Side kit height options are 7-½", 15", 22-½" and 30". Side kits are sold separately. They are available individually or as pairs. Side kit depth must match depth selected for your overall vanity solution.

THE PROFILES™ LIGHTING

Wherever you start your day, high quality task lighting can make all the difference. Profiles Lighting offers remarkably accurate color rendering, adjustable color temperature, and bright, consistent output that eliminates harsh shadows on the face — so you see your truest reflection, every time. Choose from four metal finishes to coordinate with Profiles Medicine Cabinets, Profiles Mirrors, and Profiles Vanities.

THE PROFILES™ LIGHTING

QUALITY OF LIGHT

Discover how quality task lighting can transform your routine. The Profiles Lighting Collection offers the best LED lighting output in its class — bright enough for precise tasks, dimmable for a relaxing bath, with precise color rendering and an even, consistent glow.

LED COLOR TEMPERATURE (KELVIN)

Three options help you set your perfect tone.

2700 KELVIN

WARM WHITE LED LIGHTING

Warm, relaxing tones (2700K) replicate indoor light to help you unwind before bed or ease into your morning.

4000 KELVIN

COOL WHITE LED LIGHTING

Cool, invigorating tones (4000K) simulate bright daylight to jumpstart your day and provide ideal task lighting.

VARIABLE

ADJUSTABLE LED LIGHTING

Variable lighting option lets you fine-tune your color temperature between warm (2700K) and cool (5600K) tones.

90 CRI 50 CRI

Bright, consistent output lets you see yourself in the best light.

Eliminate the harsh shadows caused by ordinary lighting.

COLOR RENDERING INDEX (CRI)

Profiles™ Lighting offers remarkably accurate color rendering at 90+ CRI, so you can see your truest reflection.

LIGHT DIRECTION AND OUTPUT

The right light is achieved by a combination of high lumen output and proper placement in relation to the face and body. Profiles Lighting has been carefully designed to enable you to see yourself in the best light:

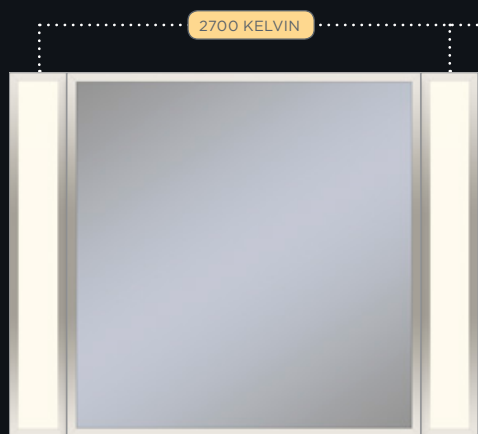

- Eliminate dark shadows
- Experience bright even task lighting
- See rich, saturated tone in your reflection
- Be confident that lighting stays consistent, even for close up tasks

THE PROFILES™ LIGHTING

LIGHTING CONTROLS

For the ultimate lighting control, we recommend pairing your Profiles Lighting with LED dimmers and controls to achieve smooth and continuous dimming, tunable white, scenes control, app control and timeclock.

ROBERN DESIGNER

Streamline the selection and design of your bathroom styling space with our free design tool, available for desktop (available now), iOS and Microsoft Surface devices (available late 2018). Simply enter the dimensions, select your products, mix and match finishes, and see the finished design in your layout.

Using the intuitive interface, you'll be able to view your configuration from every angle to truly visualize it in your space. Download the app and see how Robern Designer can simplify the design and ordering process for you.

INSPIRATION

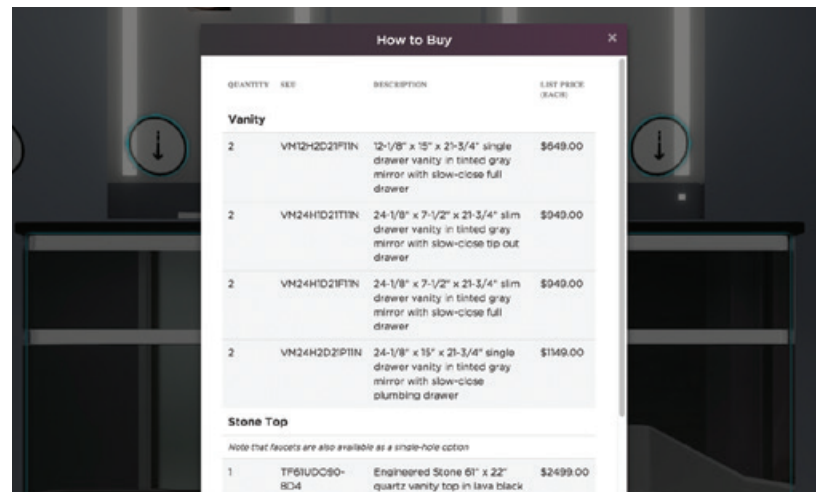

With our guided approach, Robern Designer allows you to select the best products for your space. Spark your creativity and see your vision in 3D, knowing whichever pieces you select will be a perfect fit.

DESIGN

Search our library of preconfigured layouts and professional projects, or start from scratch and use our drag-and-drop tool to design your dream space. Create, configure, and collaborate — Robern Designer makes each step of the design process easy.

Still pinning down your design? Robern Designer lets you build in real-time to create a personalized solution that perfectly suits your needs.

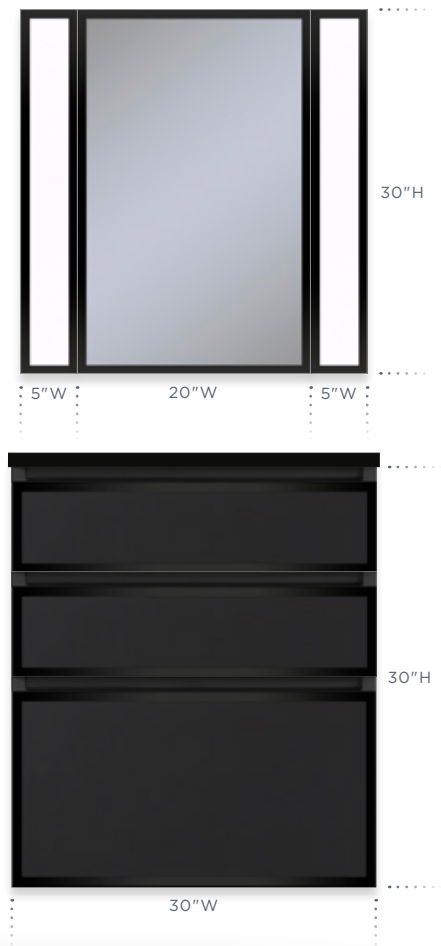

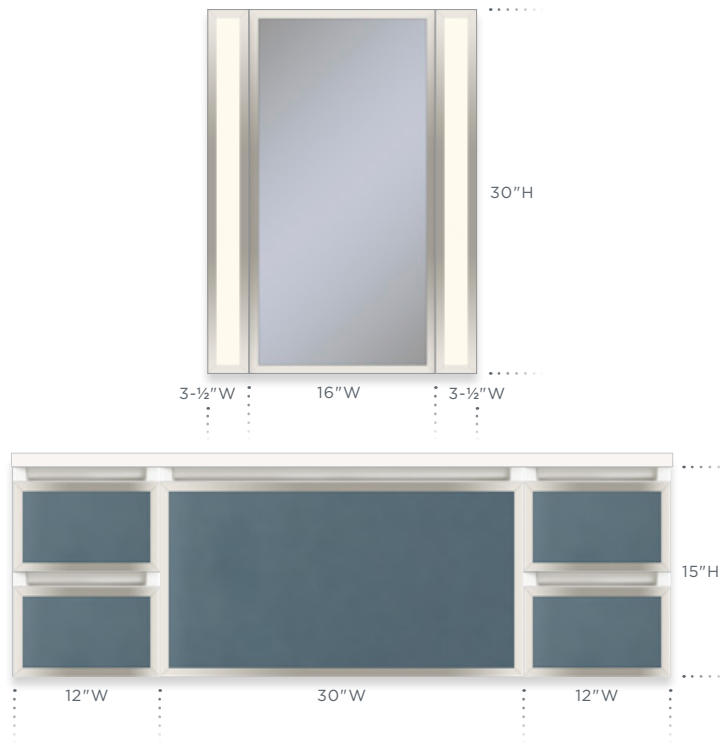

SELECTION

With just a few clicks, mix and match products, colors, materials and add night lights to find the pieces that reflect your personal style. From the initial floor plan to the finishing touches, we'll help you create a customized, functional styling space.

ORDER

Once you've finalized your design, Robern Designer will help you move seamlessly to the next step. Save and share your design, create a bill of materials, get linked to spec sheets and installation guides, and connect with a showroom that can fulfill your order.
